| Leading with the Liberal Arts | • Announced call for proposals for second year of faculty research incubators.  
• Phase 1 lab renovations on target and ready for Fall ’18 semester.  
• Phase 2 renovation plans finalized, including two new faculty research labs, one each for Biology and Chemistry, with demolition to begin October 2018.  
• 5-year strategic master plan for college spaces established including renovations to Dowling (summer 2018), the Lied Education Center for Arts (slated to begin summer 2019), Creighton Hall (summer 2019), and the Hixson-Lied Science Building (beginning planning phase for office and classroom renovations).  
• Kingfisher Institute approved; Program Planner hired, and Director application process initiated; foundation support identified; AY 2018-19 events scheduled surrounding two main themes: 1) Narratives of Health and Wellness and 2) Race in America: 1919-2019.  
• Created an overview of communication needs to develop the communication and marketing strategy. |
| Interprofessional Education and Creighton Collaborative Care | • University Campus clinic awarded and recognized as one of the top 5 for patient satisfaction.  
• Conducted gap analysis of current clinical onboarding in all the health professions programs.  
• Clinic serving as a national model to other clinics who are interested in our collaborative education model.  
• Conducted curricular audit with purpose of developing robust IPE offerings, allowing us to prepare collaboration ready practitioners.  
• Expanding IPE 400 across health sciences curricula. |
| Academic Health System Excellence | • Affiliation Council agreed to engage services of ECG Consultants to develop a vision and strategic plan for the academic health system.  
• New physician compensation plan being implemented for AY2018-2019; this plan incorporates a more significant salary component with baseline academic expectations that more effectively supports Creighton's academic and clinical mission.  
• Michael Kim, MD, successfully recruited as Chair of Medicine, with assigned clinical operational responsibilities.  
• Creighton University and CHI Health are seeing continued progress re: the creation of CURE; currently addressing issues related to liability insurance.  
• The joint Affiliation Council approved investment to establish a Cardiovascular Institute. Recruitment of resources, including an Institute Director and several physician specialists, is underway.  
• Established joint Creighton University/CHI Health team to develop joint strategic plan based on independent plans.  
• School of Medicine earned accreditation of neurology residency and recruited first house officer for the Neurological Institute, which will assist in continued development of Neuroscience Institute.  
• In an effort to enhance clinical care innovation, an interdisciplinary team led by a School of Medicine faculty member implemented an antimicrobial stewardship program at CHI Health resulting in pharmacy costs, and 3.4% reduced readmissions for *Clostridium difficile* that resulted in net financial benefit for the system. This project received support from the Centers for Disease Control. The Creighton faculty team lead collaborates with the Nebraska Department of Health and Human Services to establish statewide policies in this area. |

### Thriving in our Mission

**Living Our Mission**

- All formation major programs currently offered have been assessed, reviewed and either dropped or cataloged and updated within a tiered system of progressively deepened formation goals.
- The NOVICE program has been expanded to include employees in the first three years of employment. Enrollment of 150 persons is established.
- Two new Programs in Catholic Social Teaching (CST) have been implemented with specific program goals: 1) Issues in CST – 9-month program for all faculty and staff, and 2) CST seminar for faculty with immersion in the Dominican Republic.
- A series of campus gatherings to begin working toward a Place Based Initiative have been scheduled and funded for the fall of 2018.
- A Carnegie Community Engagement Task Force has been invited and will be formed by end of August.
- Contact with the leadership of the Catholic Climate Covenant (CCC) yielded a commitment to host three national meetings on *Laudato Si* at Creighton between summer of 2019 and summer of 2023.

### Diversity and Inclusion

- Formed work group focused on a cohort-based Inclusive Excellence Academy for leaders and members of the Creighton workforce, including a pro forma. This academy will “train the trainers” in their approach to inclusive excellence.
- Work group formed to focus on diversifying the student body at undergraduate, graduate, and professional school levels. Seeking long-range proactive structural and process adjustments to improve the university’s diversity profile while paying close attention to “diversity within diversity”.
- To foster an inclusive community and encourage campus-wide education and development, a work group has been formed to develop a funding grant to incentivize new programs and experiences that encourage diversity and inclusion on campus.

### Arizona Health Education Alliance and Health Sciences Campus Vision

- New Executive Director for the Arizona Health Education Alliance, Jacque Chadwick, MD, started July 30, 2018; the alliance received Arizona corporate status and tax id issued in July 2018, giving us 501c3 status.
- As of June 1, 2018, Creighton University School of Medicine is now sponsoring all of the residency and fellowship programs for Maricopa Integrated Health Systems and St. Joseph's Hospital, which includes 325 house staff residents.
- Admitted 2nd cohort to start in the Accelerated Nursing program in August 2018 with an increased class size of 47 (from 24).
- Discussions and development of an IPE/IPP curriculum model underway.
- Completed MOUs with ASU for pipeline programs in Pharmacy, OT, PT.
- University Relations has established relationships with philanthropic and community foundations.

### Engaging the World

**Global Partnerships**

- Market analysis of academic programs related to sustainable development underway.
- Working with Facilities Management to identify alternative locations for the Institute for Global Studies.
- Identifying a cohort of students for the Global Eco-Village.
- Identifying a suitable location in a residence hall for renovation for the Global Eco-Village.
- Developing a program focused on sustainable living practices for the Global Eco-Village.

### Professional and Corporate Partnerships

- Launched “excellence.creighton.edu” site.
- Office of Continuing Education for Health Sciences and the Creighton Business Institute are now functioning under the Center for Professional and Corporate Excellence.
- Backend systems have been established to maximize revenue.
- To expand offerings and explore new markets, the Center for Professional and Corporate Excellence added 60+ professional development course listings, hosted 28 CE courses, and added 4 new badges.
- Partnership developed with the Wisconsin Council of Religious and Independent Schools to provide services and professional development for 6,000 private school teachers.
